

# ZB-500P series **Banding Machine**

ZB-500P series floor type banding machine, were specially developed for automatically banding products with PE coated paper tape or PP film tape in 20/30/40mm width. As an upgraded model of ZB-500 series, ZB-500P series are equipped with Downwards Pressing Board which ensures bandings tight and neat. Printers band products of all sorts while bankers band their banknotes. Other industries also use the machine for different application.

*Simplify your banding*

# ZB-500P series Banding Machine

## Features

- Depending on requirements, 100 loose banknotes can be banded into a packet. 10 pre-banded packets can also be strapped together to form a bundle of 1,000 notes (10x100 notes).
- Adjustable side and rear trips facilitate neatly banding the products at the same position.
- Two methods of activating the banding process:
  - Push the START button manually
  - Automatic sensor activation
- A new loop is formed automatically after removing the products.
- Loop size, banding tightness and sealing temperature are all easily adjustable. This allows the adaptation to different product sizes, packet thicknesses and banding tapes.

## Distinctive features

- Downwards pressing board ensures a tight strapping of banknotes.
- A unique design to avoid folding the edge of banknotes while banding.
- External tape box and automatic tape feeding designs ensure the easy tape change.
- Optimized mechanism design allows easy access to tape feeding and troubleshooting.
- LCD display for user-friendly operation, directly showing the settings of loop size, banding tightness and sealing temperature.
- Both PE coated paper tape and PP film tape are available in one unit.
- Tapes of 20 mm \ 30mm \ 40 mm are available, printed tape on request.
- Low noise, making operators' work more comfortable.

## Specifications

Way of closing the tape	Temperature-sealing
Banding capacity	Length: 40mm-200mm Width: 60-250mm Height: <200mm
Speed	Up to 26 bandings/min, depending on application and loop size
Banding consumable	PE coated paper tape or PP film tape Tape width: 20 / 30 / 40 mm
Power supply	220V, 50HZ
Average power	<200w
Dimensions (L x W x H)	400mm×350mm×970mm
Net weight	40KG

Paper tape

PP film tape
