

We Make Your Bindings Easier!

Tube Binding Machine **HJ-50C**

The HJ-50C is an economical drilling and binding machine. It is designed for desktop use of drilling and binding stacks of paper up to 50 mm thick. It drills and binds with two steps. The drilling is performed electrically while binding is carried out manually by pulling the handle down, during which the operator needs to move the drilled documents from the drill position to the bind position for binding. The HJ-50C is an economical paper drilling and binding machine and is a good choice for users when binding tasks are dealt with.

HJ-50C

Tube Binding Machine

Features

- Max. drill and bind thickness is 50 mm.
- Drilling and binding processes are operated separately. The drilling is performed electrically while binding is carried out manually.
- With Nylon tubes as binding consumables, the durability and security of the bound works are highly ensured

Specifications

1. Max. Drill and Bind Thickness: 50 mm
2. Drill Bit: Φ 6 mm Hollow Drill Bit
3. Drilling: Electric
4. Binding: Manual
5. Max. Power: 350 W
6. Dimensions (L x W x H): 470 mm x 430 mm x 525 mm
7. Net Weight: 25 Kg
8. Power Supply: AC 220 V, 50 Hz
